

LADA rigid spindle extension

For gate valves

For operating underground gate valves.

- Square pipes made from hot galvanised steel.
- Coupling sleeve and stem square cap made from hot galvanised ductile cast iron.
- Protection tube, bell and cover made from PE, welded together all over.
- Optional KlickFix coupling sleeve for easy assembly on the valve.

LADA rigid spindle extension				
Nominal size (DN, mm)	Cover depth (Rd, m)	Length (L1, mm)	Length (L2, mm)	Order No.
40/50	1,00	681	608	X13SV2011
	1,25	931	883	X13SV2021
	1,50	1181	1088	X13SV2031
	2,00	1681	1588	X13SV2041
56/80	1,00	661	608	X13SV2012
